Tinkercad

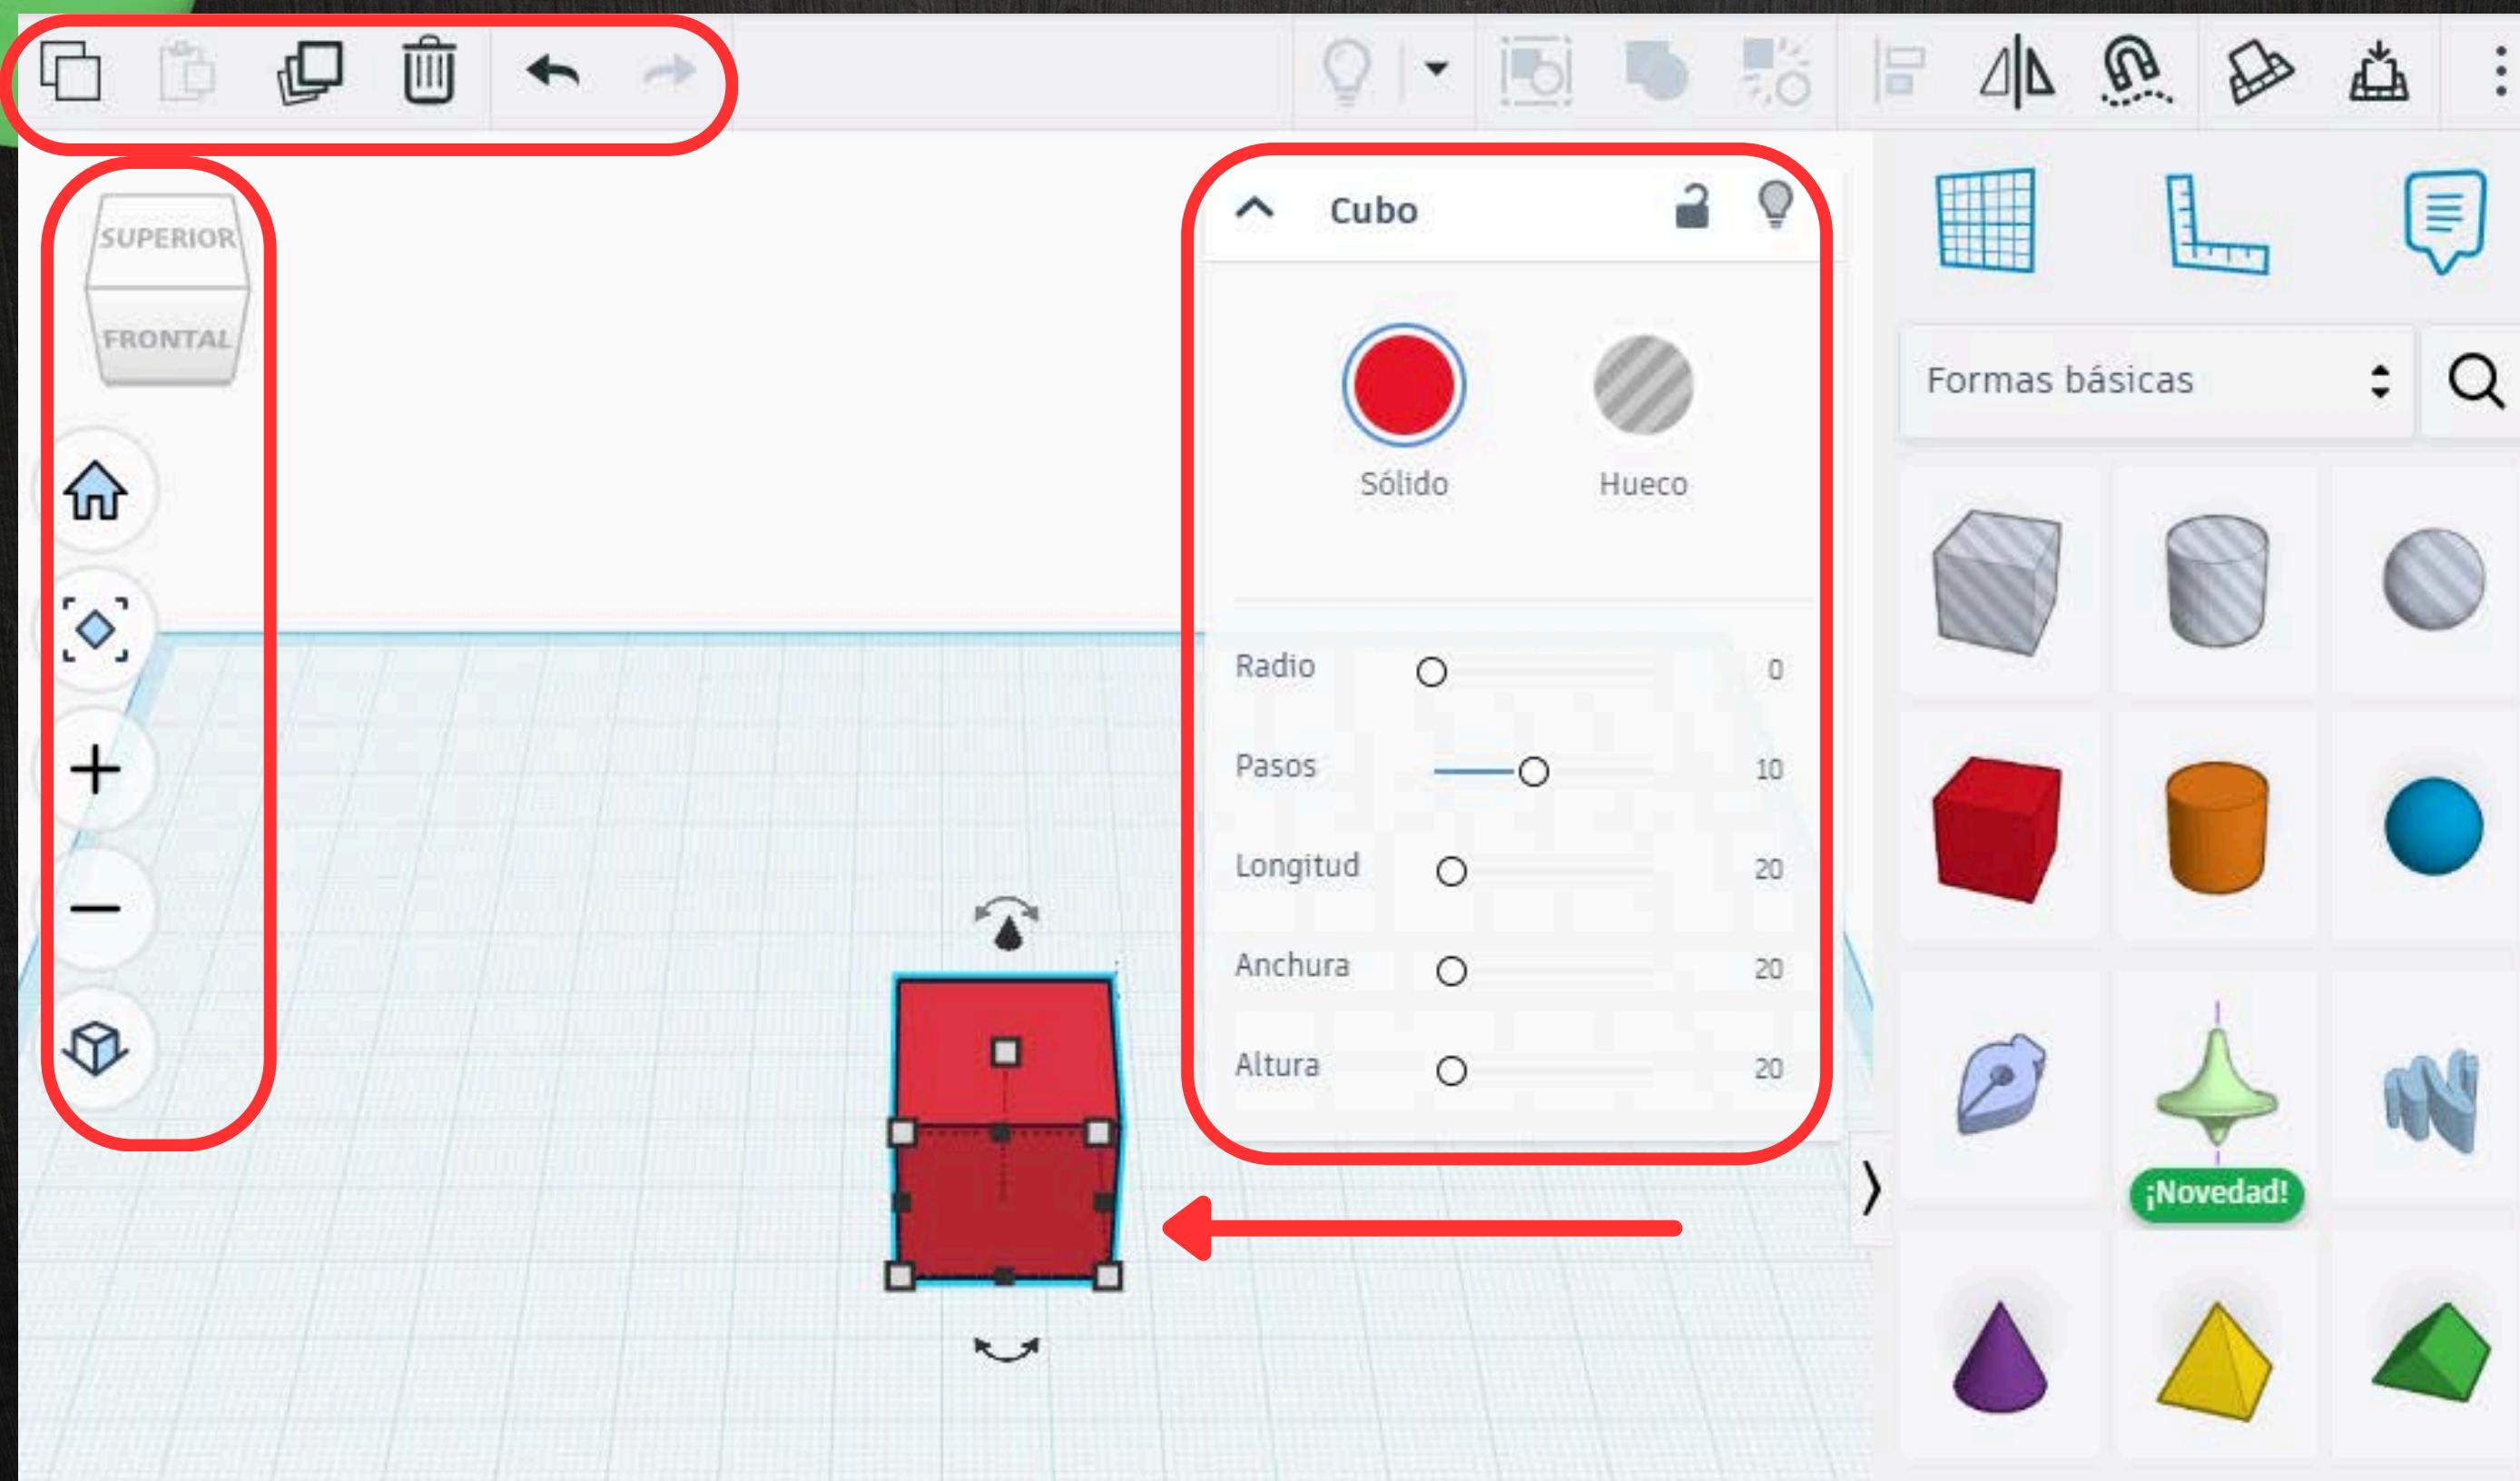

The screenshot shows the Tinkercad homepage. On the left, there's a sidebar with navigation links: Inicio (highlighted in blue), Clases, Diseños, Colecciones, Aprendizajes, and Desafíos. The main area features a 3D rendering of a blue top on a wooden surface. To the right of the top is a challenge titled "Spinning Top Challenge" with the subtext "Ready, set, spin—enter your design today." Below this is a blue button labeled "+ Crear". Further down, there's a section for "Diseños 3D" with a sub-section "Crea tu primer diseño 3D" (highlighted with a red box). To the right of this are three interactive cards: "Place It" (with a 3D cube icon), "View It" (with a red cube icon), and "Move It" (with a 3D cube icon). At the bottom, there's a section for "Circuitos" with a sub-section "Crea tu primer diseño de circuitos" (highlighted with a green box). To the right of this are three cards: "Start Simulating" (with a circuit diagram), "Editing Components" (with a circuit diagram), and "Wiring Components" (with a breadboard diagram).
